WORK EXPERIENCE

Freelancing

Multiple Clients

08/2019 - Present

Achievements

- Developed and deployed a PWA as a full-stack developer.
- Gained experience with Express, MongoDB, and Mongoose.
- Created UIs by implementing 20+ web components aligned with Material Design Guidelines.

Open-Source Contribution

The Open-Source World

08/2019 - Present

Achievements

- Developed, published, and maintained multiple JavaScript, TypeScript, and Dart packages.
- Contributed to organizations such as Flutter and TC39.
- Gained 40+ stars on GitHub.

PERSONAL PROJECTS

Dawn, A Dart Web Framework (02/2022 - Present)

- Developed it with Dart and published it at Pub.
- Adopted and implemented a widget model similar to Flutter's.
- Implemented reactivity, local and global state management, and dependency injection.
- Enabled painting the UI with HTML elements and styling them with inline CSS.

Dawn's Website (08/2022 - Present)

- Developed its UI with Dawn.
- Provided **Get Started**, **Features**, **Cookbook**, **Package Docs**, and **CLI Docs** sections for Dawn.

Note Taking PWA (08/2019 - 10/2019)

- Developed its UI with React.
- Used Firebase Authentication and Firebase Firestore.

EDUCATION

B.Sc. Industrial Engineering

Amirkabir University of Technology (Tehran Polytechnic)

09/2020 - Present

Tehran, Iran
